All about Murcia

ALL ABOUT MURCIA

Before the arrival to UCAM: Background information

Location

UCAM is located in Murcia.

This city is the 7th largest city in Spain.

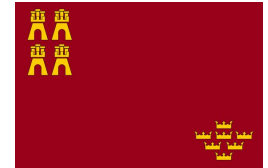

As the regional capital, it has well developed infrastructure and transport system.

It is a safe city that can be easily explored on foot.

Murcia is well connected to the main cities of Spain and Europe by highways, trains and two international airports close by ([Alicante](#) and [Murcia](#)).

UCAM campus is located about 10 minutes from the city center by car and 30 minutes by public transport (bus or tram).

There are supermarkets, outlet shopping areas and restaurants located near the campus.

Before the
arrival to UCAM:

Things to remember

Weather

Murcia has a Mediterranean climate and it is one of the sunniest cities in Spain with over 300 sunny days in a year. The summers are hot with a medium temperature of 25°C and the winters mild with a medium temperature of 10°C. Therefore, during the summer the days Murcia is very sunny and hot without any rain. During the winter, the days are mild with chilly nights and some rainy days.

Water

The tap water is potable but if you prefer mineral water you can easily get 5 litres of water for approximately €1 in the supermarket (take note that some shops and supermarkets are not open on Sundays).

Water conservation is important in Murcia, it can make a huge difference for the environment. So please, as much as possible, save water.

Safety

Murcia is a very safe city, but you must always take care of yourself and your belongings (especially your passport and money). Traveling in groups is more advisable than traveling alone.

Before the
arrival to UCAM:

Things to remember

Electrical Plugs

Spanish electrical socket (Type C & F)

(Suggestion) Bring a Plug Converter

Telephone companies:

Each company has different offers with internet connection and calls. There are cheap options that include few GIGAS per month (starting from 7€).

Here some examples of most used and easy to purchase online:

- Vodafone
- Amena
- Lowi
- Orange
- Pepephone

Gastronomy

Typical Murcian food uses the products common in the Mediterranean Diet, such as lots of fresh fruits and vegetables, fish and meat, olive oil, and legumes.

Some of the typical dishes to try are “Pastel de Carne” (meat pie), “Paparajotes” (a dessert made with lemon leaf) and “Marinera” (mayonnaise-based salad on a cracker with anchovies on top).

If you want to know where to eat, have a look at this list in Tripadvisor (click on the images):

Tips

Roommates: It is very easy to find single rooms in shared flats with other UCAM's students. Therefore, the best option is to contact the Spain Student Housing.

Check all information in English and Spanish. It's better to check in Spanish, if you can, because the information is more accurate.

Check flat location to reach transportation lines easily.

All students must have a legal rental contract. all those who go through the housing service of the university have it. The best way is to trust in this service, for your safety and because you will need the housing contract for everything: registration, doctors, insurance, transportation cards and above all for the visa.

The Contract period is very important, try to arrange your contract until the end of your studies. Most of you will have a compulsory internship and you might have to move outside of Murcia, therefore please be sure of contract period and deposit conditions.

DO NOT pay anything if you are not 100% sure, always watch out before transferring money to anything found on the internet in order to avoid pirate ads. Keep in mind that external agencies usually charge a much higher fee, so UCAM only recommends and trusts Spain Student Housing.

Never sign a contract if you do not understand all the points. The contract with Spanish Student Housing is always legal and checked. If you have any problems later, we can intervene but only if the rent is done with us.

ALL ABOUT CAMPUS LIFE

Campus Life

UCAM Campus - Introduction

Campus de Los Jerónimos is located in Murcia - the capital city of the southeastern region of Spain.

Murcia Campus is located in the middle of Huerta Murciana, Murcian orchard, as the areas outside of cities are called in this part of the world because of the number of fruits and vegetables grown.

The heritage of Spanish culture, known for flamenco, tapas, and fiesta, is reflected in Murcia's people, who are welcoming, warm, enthusiastic and sociable, as you will be able to perceive on Campus by interacting with "Murcianicos", their nickname in Murcian dialect.

The one in Murcia is the main Campus of UCAM, even though there is a Campus in Cartagena, and through international collaborations, UCAM also educates people all over the world as you will learn during your time at the university.

Campus Life

A bit of history...

UCAM represents a unique institution since it is built around a Monastery constructed in 1648. Until 1820 The Jeronimos Orden from the Catholic church was occupying the Monastery until it was closed and acquired by the Government. Some years later, in 1855, the Monastery was a Mental Hospital during cholera.

Since those years until the 20th century, the monastery suffered a lot of sackings. It was abandoned and left in poor conditions. During its history, the monastery also served as a military center, as a place for planning strategies.

Finally, the Catholic Church transferred the monastery to the Fundación San Antonio in order to create the University in 1996.

The Jeronimos Campus UCAM is divided in:

Monastery - where you can find the faculties departments, library, secretaria general and the church.

Buildings - The buildings constructed around the Monastery is where the classes are located, as well as other services the university provides, such as cafés and UCAM shop.

Campus Life

Volunteering and Evangelisation

These two concepts are important at UCAM, because of the Catholic values the University transfers to the society:

- As part of Catholic Evangelisation, the university has a Chaplaincy. Their mission is to focus on lecturing and evangelizing, as they understand the importance of the church in society, which is the reason for the necessity to have a pastoral directed to each and every member of the university community.
- El Instituto Internacional de Caridad y Voluntariado Juan Pablo II (International Institution of Charity and Volunteering Juan Pablo II) is an entity dependent on UCAM, that focuses on the formation of socially aware professionals, does research on social assistance, and collaborates with different institutions in national and international projects and programs to promote charity and to organize volunteering activities in important causes.

Campus Life

UCAM Symphony Orchestra and Dance Company

- Symphony Orchestra was founded in 2009 and it consists of 80 talented musicians, who perform and tour on national and international levels, playing concerts formed by pieces of different composers. For example, Harry Potter - inspired concert held in 2019.
- UCAM has Spain's first University Dance Company, giving its first performance in 2015 in Teatro Circo Murcia. Since then, the Dance Company is always growing by the hands of its director, Mariló Molina, performing at different events, festivals and competitions with pieces in different styles, such as Flamenco, Classical dance, and Neoclassical dance.

Campus Life

International Courses and Congresses

UCAM organizes different courses, seminars, workshops, and congresses, where they invite professionals from different industries to the university to speak and teach about their experiences.

And as an international university, a part of these sessions are organized in an international ambient, where everyone can attend and learn something new.

Campus Life

ORI and OPRI

- **OPRI** (Oficina de Proyectos Internacionales). The International Projects Office forms part of the Vice-rectorate of Investigation. It is a unit of the university with the mission to collaborate with international partners on research.

Through OPRI, UCAM has participated in multiple international projects, such as "[Life Clean Up](#)", "[LIVERUR](#)" and [ERASMUS + SPORT programs](#).

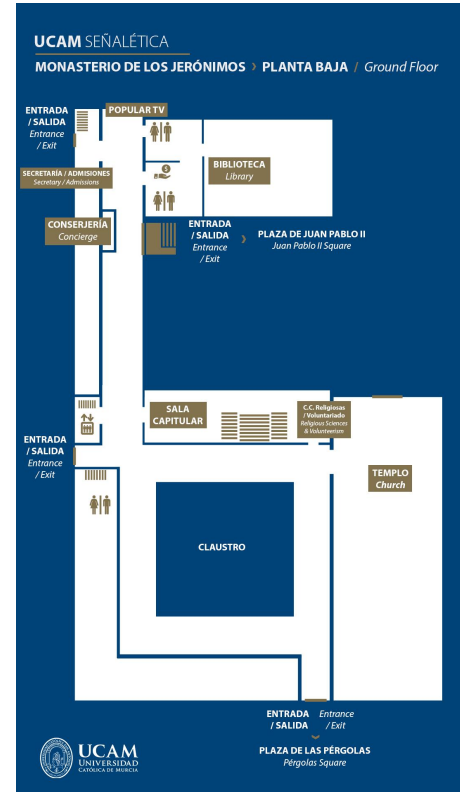

- **ORI** (Oficina de Relaciones Internacionales). The International Relations Office is in charge of the internationalization of UCAM and its students, so that the students get to appreciate the effects of this globalized world. ORI, for example, organizes the the international mobility programs with destinations for students and professors all over the world.
